

Appendix Guidelines for the Use of the Hsubject Seal Certified eRoaming Technology

These guidelines for the use of the Hsubject seal provided herein are addressed to Partners of Hsubject who have purchased the **intercharge CHECK Hardware** product.

A. Seal “Hsubject Certified eRoaming Technology”:

Following certification under an Agreement on the Certification of Charging Technology (physical compatibility) Hsubject issues the seal described below, as applicable.

This seal may only be used for the purpose of marketing and sales activities by partners whose hardware complies with the **Appendix [Technical Specifications and IT Security]** as attached to the Agreement on the Certification of Charging Systems and who have entered into an Agreement on the Certification of Charging Systems with Hsubject.

B. Use of the seal “Hsubject Certified eRoaming Technology”:

In the following cases, the Partner may use the seal without prior consultation with Hsubject:

- on its company website and on websites featuring the relevant hardware or software products
- in company and product brochures (online and offline) featuring the relevant hardware or software products
- in company and product presentations, e.g. during events or in sales talks
- on hardware products (Hsubject eRoaming Technology seal)
- in advertisements (online and offline) promoting the company and/or the product

C. Additional rules for use of the seal:

- The seal must always be shown completely.
- The colour may not be altered.
- The font may not be altered in any way.
- The seal may not be distorted.
- The seal must always be shown in a horizontal position
- Neither the seal's message nor its graphic impact may be distorted.
- The seal should preferably be displayed on a white background, alternatively on a background which can clearly be identified as not being a part of the seal.

D. Master artwork:

For your personal use of the Hubject seal it will be made available to you in the file formats:
.eps / .tiff / .png / .jpg

Artwork for the seal: Hubject Certified eRoaming Technology

Colour specifications:

Turquoise:
CMYK: 60 / 09 / 23 / 00
RGB 104 / 182 / 195
Pantone 3105 C

Blue:
CMYK 94 / 80 / 32 / 70
RGB 19 / 24 / 50
Pantone 296 C

Hubject seal: "Certified eRoaming Technology"

Minimum size:

The Hubject seal "Hubject Certified eRoaming Technology" should have a minimum width of 95 mm and 34 mm heights .

Exclusion zone:

An exclusion zone of 15% of the seal's height must be maintained. This distance must be preserved on all sides of the seal. Given a seal height of 34 mm this would mean a clear space of 5.1 mm to be kept all around the seal.
