

For Charging Station Producers

Hardware

Guaranteed future-proof.

A uniformly accessible charging network, customer friendly and easy to charge up with, is key to eMobility's global breakthrough. With interchange CHECK you show your customers that your charging stations are compatible with the world's most successful eRoaming network.

Visibly successful

With interchange CHECK you develop a progressive image and new profit models in the world's biggest charging network.

Enhance your Image

Show your business and private customers that your charging stations meet the market requirements.

Get Connected

Use Hubeject partner sites as an advertising platform and to build up your network.

Grow your Portfolio

Extend your systems to include eRoaming functionality.

Explore the Next Level

Open up new sources of income by fulfilling the requirements for cross-provider eRoaming.

WHAT WE OFFER

Hardware-Check

Assess your hardware using a standardised checklist.

intercharge Certificate

The intercharge CHECK certification guarantees that your charging systems are compatible with the Hubeject eRoaming platform.

Partner Advertising

Certified partners are promoted by Hubeject, e.g. on the Hubeject website.
